Drama Day - Gingerbread Man Story & Fun Activities

We had an exciting Drama Day, where teachers kicked off the event by acting out the story of *The Gingerbread Man*. The lively performance captivated the children, bringing the classic tale to life with energy and enthusiasm. After the story, the children were excited to participate in a variety of fun activities that followed.

We set up different stations, each offering a unique experience based on different stories and themes. Some children were engaged in creative arts and crafts, making their own gingerbread men, while others acted out different scenes from other favorite stories, practicing their lines and gestures. There were also stations where children worked together to solve puzzles or engage in role-playing activities that encouraged teamwork and imagination. The day was filled with laughter and creativity, allowing the children to dive into different worlds through storytelling and hands-on activities.
